Revised press release

GetAbout recently added a Toyota van to its fleet, thanks to the generosity of the family of Emily B. McKay. Pictured above with the new van outside GetAbout's office at the train station are Judy Fuegner and Dan Viscigillo.

Bill Post, President of GetAbout, stated that "GetAbout is very grateful to Emily B. McKay's family for this thoughtful gift. As the number of riders we serve grows, GetAbout needs to continuously upgrade our fleet to provide the best service that we can. This van is ideal, fully-equipped, well-maintained and with low mileage. It went right into service and can now be seen around town."

GetAbout provides rides to New Canaan residents who cannot drive themselves, delivers meals for Meals-on-Wheels, and recently initiated a shuttle service to support Waveny Care employees during campus construction.
